CRIME VICTIM COMPENSATION: The State of Wisconsin has a program to reimburse victims of crime who suffer financial hardship because of medical and other personal expenses caused by crime. The program assists crime victims - or their dependents in the case of death - who require personal services and are unable to pay these costs from other sources. For victims to be considered for this aid, it is a requirement that the crime be reported to a law enforcement agency within five days of its occurrence or if the offense/incident could not reasonably have been reported within such period, within five days of the time when a report could reasonably have been made. Funds from this program cannot be used to cover property damage or loss. **1-800-446-6564**
