

**Town of Campbell, Wisconsin  
Wisconsin Department of Natural Resources  
NR 208 – Compliance Maintenance Resolution**

**Resolution No. 2018-10**

**WHEREAS**, it is a requirement under a Wisconsin Pollutant Discharge Elimination System (WPDES) permit issued by the Wisconsin Department of Natural Resources to file a Compliance Maintenance Annual Report (CMAR) for its wastewater collection system under Wisconsin Administrative Code NR 208;

**WHEREAS**, State regulations also require an acknowledgement by resolution that the governing body has reviewed the Compliance Maintenance Annual Report (CMAR);

**WHEREAS**, it is necessary to provide recommendations or an action response plan for all individual CMAR section grades (of "C" or less) and/or an overall grade point average (<3.00);

**WHEREAS**, the Town of Campbell's CMAR Report has section grades and an overall average in the "A" range thereby making an action plan for remediation unnecessary;

**THEREFORE, BE IT RESOLVED** by the Board of Supervisors of the Town of Campbell that the following recommendations or actions will be taken regarding the Town's sanitary sewer collection system as identified in the Compliance Maintenance Annual Report (CMAR):

- (1) Continue with implementation of needed capital improvements to system and annually review and update the Town's planned capital improvements and equipment budget;
- (2) Review rates of special users for appropriateness and cost recovery of service.

Adopted this **9th** of **October, 2018**.

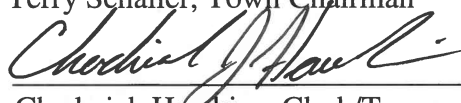

Town of Campbell  
La Crosse, Wisconsin
